- "Pushing boundaries in high-rise construction in the Region and beyond"
- Updates on local development projects (ie. The Barrel Yards, The Metz, Arrow Lofts etc)
- "Stonerise Construction is the neighbour you want to have"
- "This Ontario-based construction firm is redefining community building"
- "Safety matters at Stonerise: Prioritizing safety on the jobsite"
- "The business of building communities"
- "From concept to operation: the story of a results-driven local builder"
- Other topics may include: construction technology, sustainable urban redevelopment, leadership, company spotlights, why you need a design-build team on your project

# WADE GAYOWSKY

## EXECUTIVE VICE PRESIDENT

Motivated by his passion to build lasting communities and belief that innovation, safety and lifelong learning are the key to continuous advancements in the construction industry, Wade Gayowsky is the driving force behind the coordination and management of projects at Stonerise Construction. As Executive Vice President, Wade oversees all aspects of Stonerise's projects and builds connections amongst stakeholders in order to execute projects according to the client's vision.

Wade's current efforts are contributing to significant economic development in the Region of Waterloo, with the development of The Barrel Yards in Uptown Waterloo and Kitchener's Arrow Lofts and The Metz.

A tenacious leader, Wade continues to push the boundaries surrounding commercial and high-rise construction in the Region and beyond.
